business days from the records custodian's receipt of the request, send the requestor a completed Public Records Request Response Form which is attached, based on the form developed by the OORC.

3. If a records custodian denies a public record request, he or she shall deny the request in writing as provided in Section III.A.2.b using the Public Records Request Response Form.

If a records custodian reasonably determines production of records should be segmented because the records request is for a large volume of records, or additional time is necessary to prepare the records for access, the records custodian shall use the Public Records Request Response Form to notify the requestor that production of the records will be in segments and that a records production schedule will be provided as expeditiously as practicable. If appropriate, the records custodian should contact the requestor to see if the request can be narrowed.
5. If a records custodian discovers records responsive to a records request were omitted, the records custodian should contact the requestor concerning the omission and produce the records as quickly as practicable.

C. Redaction
